● *STORAGE*

The expire date of the product shown on the label is valid for products if kept away from direct heat and cold and at standard storage conditions (minimum temperature 4°C to maximum 40°C).  
Exceeding the expiration date does not necessarily mean that the product no longer meets the specifications or values set.  
However, before using this product after the expiration date, Kenda Farben recommends checking whether it still meets the reference specifications or values.  
Kenda Farben will not be in any way responsible for failure to comply with specifications or values set after the deadline or due to incorrect storage that can shorten the life of the product.

This information is to the best of our knowledge true and accurate. However, all recommendations or suggestions are made without guarantee, since the conditions of use are beyond our control.
